Education

National Yang Ming Chiao Tung University (NYCU) July 2021 - Present
Bachelor of Science in Computer Science (GPA: 3.67 / 4.3) Hsinchu, Taiwan

- **Relevant Coursework:** Data Structures and Object-Oriented Programming, Introduction to Artificial Intelligence, Introduction to Machine Learning, Introduction to Algorithms, Computer Vision for UAV Autopilot, Introduction to Image Processing, Brain-Computer Interface

Experience

Cognitive Engineering and Computational Neuroscience Lab September 2023 - PRESENT
Research Assistant Hsinchu, Taiwan

- Design an adaptive pipeline process that generates a threshold by reading brainwaves, which can be used to determine how to distinguish different physiological responses from the brain.
- Skills : Digital Signal Processing, Unsupervised Learning Models, Designing Pipeline Flowcharts

Projects

Sentiment Analysis of Top View Movies' comments from IMDb May 2023 - June 2023
Utilizing NLP to extract and recommend the most popular movies of the year based on reviews. Hsinchu, Taiwan

- Design a web crawler in Python to extract reviews from the IMDb website.
- Utilize two language models, Bert and LSTM, to analyze reviews.
- [project-link](#)

Mind-Controlled Car November 2023 - January 2024
Using brain signal data to control the turning movements of a remote-controlled car. Hsinchu, Taiwan

- Design an algorithm to enable the car to move in four directions.
- Find the optimal threshold based on the brainwaves.
- [project-link](#)

Awards

Fundamental Courses Awards of Discrete Mathematics: Top 3% of the class

Technical Skills

Languages: C/C++, Python, Matlab, HTML, CSS
Technologies: OpenCV, Scikit-learn, OpenGL, Git, Linux, WSL, Pytorch, Docker
Concepts: Operating System, Virtual Memory, Cache Memory, Artificial Intelligence, Machine Learning

Leadership and Volunteering

NYCU Computer Science Student Association June 2023 - PRESENT
Equipment Officer Hsinchu, Taiwan

- Management of classroom reservations and the use of departmental props.
- Through diligent efforts, fostering a conducive environment for the Computer Science Department.
- Skills: Collaboration, Ability to work with others, Communication skills, Efficient task organization
